

SOCIALISTS AND I. W. W. AGAIN MEET DEFEAT

Bitter Fight Expected Today When Delegates are Seated

(By the Associated Press)

CHICAGO, Jan. 15.—Socialists and members of the I. W. W., after meeting defeat today in the organization of the National Labor Congress called to adopt a program for obtaining a new trial for Thomas J. Mooney and Warren Billings, made a determined attempt to capture control of the body later in the day. With the gallery packed with radicals they did about as they pleased at the afternoon session until the proceedings were ended by an early adjournment. The conservatives were compelled to change their plans in several particulars because of the unexpected show of strength made by the radicals. To night both sides claimed a majority of the delegates, but nobody is certain what action would be taken tomorrow when the committee on resolutions is expected to report. At today's session every mention of Socialist or I. W. W. principles was loudly cheered by delegates and spectators. A letter was read from two members of the Italian labor commission appointed by the government of that country at the request of the American Federation of Labor expressing sympathy with the movement to aid Mooney and asking to be seated as external delegates in the convention.

Chairman Nolan recommended that the request be granted but the reading of the letter caused a hostile demonstration on the part of the radicals who declared that the two Italian labor representatives had been repudiated by that country. After a heated discussion of nearly an hour the motion to permit the commissioners to sit in the convention was voted down.

Radicals Put Over Motion
The radicals followed up this victory by putting over a motion that Eugene V. Debs, Socialist leader recently convicted for violation of the espionage law be invited to address the convention. The radicals cheered for several minutes at the adoption of this motion. It is said that Debs will decline the invitation.

At the opening of the afternoon session chairman Nolan announced the appointment of a committee on resolutions which it was said was about equally divided between the conservative and radical factions. Apparently nearly every radical delegate had at least one resolution for the consideration of the committee.

One delegate presented in resolutions. They embodied revolutionary ideas on government based on Socialist and I. W. W. propaganda, and were referred to the committee on resolutions without being read. A few of the ideas suggested by the resolutions offered by radical delegates are:

Referendum Vote.
For a referendum vote on the terms of peace.
Abolition of all restrictions on the issuance of passports.
For a general strike to compel the immediate release of all political, industrial and religious prisoners including Thomas J. Mooney, Warren Billings, William D. Haywood, Emma Goldman, Rose Pastor Stokes, Eugene V. Debs, Victor L. Berger, Adolph Germer and others convicted since the beginning of the war.

That the Russian, German and Austrian Bolsheviks be given representation at the Paris peace conference.
For a uniform work day of six hours. For a uniform lunch period of two hours in all lines of industry.

Adoption of a modification of the I. W. W. idea for one big labor union by having one organization for each trade.
A plan to have all western labor organizations withdraw from the American Federation of Labor and organize a western federation of labor.

A score of messages or greetings from labor organizations in all parts of the country pledging support in the movement to aid Mooney and Warren Billings. A message from the workers' council of Butte, Mont., asked the convention to declare for one organization of all workers under the Australian plan; the immediate withdrawal of allied troops from Russia and concluded with a request that greetings be sent to the Soviets of Russia.

The sentiments expressed in this message were received with loud applause.

Twelve Killed And Forty Injured By Explosion

(By the Associated Press)

BULLETIN
BOSTON, Jan. 15.—Nine persons are known to have been killed and about fifty injured by the explosion of a huge tank of molasses on the water front off Commercial street, near Keaney Square today. Eight bodies were removed from the wreckage and one man died at the relief hospital. Most of those injured suffered only from bruises. The cause of the explosion had not been definitely determined.

BOSTON, Jan. 15.—Probably a dozen persons were killed and fifty injured by the explosion of a huge tank of molasses on the water front off Commercial Street near Keaney Square today. Early tonight the only bodies identified were those of a fireman, and two residents of tenements in the vicinity. A large number of the injured were taken to the relief hospital. The tank was owned by the Purity Distilling Company a subsidiary of the United States Industrial Alcohol Company with a plant in Cambridge.

A dull, muffled roar gave but an instant's warning before the top of the tank was blown into the air. The circular wall broke into two great segments of sheet iron which were impelled in opposite directions.

A Sticky Mass
Two million gallons of molasses rushed in a mighty stream over the streets and converted into a sticky mass the wreckage of several small buildings which had been smashed by the force of the explosion. The greatest mortality apparently occurred in one of the two city buildings, where a score of municipal employees were eating their lunch. The building was demolished. The other building which had an office on the ground floor and the tenement above was similarly torn from its foundations. Two women were severely injured. One of the sections of the tank wall fell on the fire house of a fire boat known as Engine 31, crushing it. Three firemen, two of whom had been engaged in a card game on the second floor were buried in the ruins. One was killed and the other two were injured. The other half of the tank wall crashed against the structure of the Boston Elevated Railway in Commercial Street, damaging three spans. A train had passed over the spot, but a moment before and another a short distance behind was stopped by the block signal.

ASSEMBLY RECESSES FOR TWO WEEKS
SPRINGFIELD, Ill., Jan. 15.—After perfunctory sessions today for the introduction of bills, both houses of the legislature adjourned until Tuesday, January 28. No sessions will be held next week.
In the interval Speaker Shanahan will consider preferences for committee assignments, offered him by house members, and will determine the personnel of the house committees.
Thirty six bills were introduced in the lower branch today and will lie on the speaker's desk pending the naming of the committee. Only two of the bills, those by Representative T. K. Long of Chicago, dealing with the constitutional convention, found committee homes. They were referred to the special committee on constitutional convention.
Both senate and house members began leaving for their homes this afternoon and tonight.

JAPS LABOR LEADER ARRIVES.
San Francisco, Cal., Jan. 15.—Bunji Suzuki, known as the Gompers of Japan, arrived here today from the Orient on the steamer Shinyo Maru on his way to the Paris peace conference. In the party was Dr. Stachi a professor in the Imperial University of Japan.

FIRE IN CAPITOL BUILDING.
Washington, Jan. 15.—Fire started today in trash in the top of the dome of the capitol, but was extinguished before any damage had been done.

ONE MORE STATE NEEDED TO RATIFY DRY AMENDMENT

Three State Legislatures Will Vote On Measure Today

(By the Associated Press)

WASHINGTON, Jan. 15.—Legislatures of thirty-five states—one less than the required three-fourths—have ratified the prohibition constitutional amendment. Several state assemblies now in session are expected to take action tomorrow with a probable race between Nebraska, Missouri and Minnesota as to which will be the thirty-sixth on the list.

Ratification was completed today by the legislatures of five states—Iowa, Colorado, Oregon, New Hampshire and Utah—making a total of twelve in two days. Of the thirty-five states that have taken action, only fourteen have certified their action to the federal state department. They are Virginia, Kentucky, North Dakota, South Carolina, Maryland, South Dakota, Texas, Montana, Delaware, Massachusetts, Arizona, Georgia, Louisiana and Michigan.

The amendment under its provisions, becomes effective one year from the date of its final ratification. Additional legislation by congress is necessary to make it operative and ground work for this already has been laid.
This legislation will prescribe penalties for violations of the amendment and determine how and by what agencies the law shall be enforced.

Dry U. S. By July 1st.
If ratification is completed this month many officials here believe the country will become permanently "dry" next July 1, the date on which the special war-time prohibition recently enacted by congress goes into effect. This law prevents the manufacture and sale of intoxicants for beverage purposes and remains in force until the demobilization of the nation's war armies is completed.

Court action to prevent the amendment becoming operative already has been started in California, where an order temporarily restraining Governor Stevens from signing ratification of the amendment has been obtained. It has been intimated that similar action may be taken in other states in which it is said, state laws require that federal constitutional amendments must be submitted to a referendum.

The prohibition amendment resolution passed by congress provides that ratification shall be by "the legislatures of the several states as provided by the constitution."

Resolution Passed By Congress.
The resolution follows:
"Resolved, By the senate and house of representatives of the United States of America in congress assembled (two-thirds of each house concurring therein) that the following amendment to the constitution be, and hereby is, proposed to the states, to become valid as a part of the constitution when ratified by the legislatures of the several states as provided by the constitution:

"Section 1.—After one year from the ratification of this article the manufacture, sale, or transportation of intoxicating liquors within, the importation thereof into, or the exportation thereof from the United States and all territory subject to the jurisdiction thereof for beverage purposes is hereby prohibited.
"Section 2.—The congress and the several states shall have concurrent power to enforce this article by appropriate legislation.
"Section 3.—This article shall be inoperative unless it shall have been ratified as an amendment to the constitution by the legislatures of the several states, as provided in the constitution within seven years from the date of submission here to the states by the congress."

The resolution was passed by the senate, 65 to 20, on August 1, 1917, and by the house 282 to 128 on Dec. 17, 1917. Mississippi was the first state to ratify the amendment its legislature acting on January 8, 1918.

STATE MEMORIALS FOR ROOSEVELT FEB. 9
SPRINGFIELD, Ill., Jan. 15.—Governor Frank O. Lowden tonight suggested that public memorials to the memory of former President Theodore Roosevelt be held simultaneously on February 9th, the date of proposed memorial service in congress. A message to the governor today from the congressional committee arranging the Washington meeting asked that such action be taken in Illinois.

As a consequence the memorial services to have been held in Chicago, January 19, it was announced has been postponed to February 9.

ANIMAL CASUALTIES.
Washington, Jan. 15.—Animal casualties overseas had reached a total of 42,311 on Christmas day, at which time the total American animal army in France was 191,621.

Labor Party Gives Views On Reconstruction

(By the Associated Press)

WASHINGTON, Jan. 15.—Federal ownership, operation or regulation of public and semi-public utilities was recommended in the report of the committee on reconstruction of the American Federation of Labor made public today after its approval by the federation's executive council.
Government ownership of all wharves and docks; federal legislation to prevent child labor and equality in pay for men and women workers also were urged.

The committee opposed the formation of a labor political party on the ground that "the disastrous experience of organizations in America with political parties of its own amply justified the American Federation of Labor's non-partisan political policy."

Other Recommendations.
Other recommendations by the committee were:
"Legislation making interference with the rights of employees to organize or any attempt to interfere with the legitimate activities of trade unions a criminal offense."
"The right of labor to fix its hours of work."
"Maximum working days of eight hours with overtime prohibited except under extraordinary emergencies and the week's working time limited to five and one half days."

"Limitation of tasks of working women to those which they are physically capable of performing."
"No limitation on the rights of public employees to organize. Provision for a referendum on acts of congress or state legislatures held unconstitutional by the supreme court."

"Legislation for state and federal governments to own and operate waterpower projects, the power to be furnished to the people at cost."
"Legislation taxing all usable lands above the acreage, which is actually cultivated by the owner, and giving aid in the allotment of lands for home buildings on the public domain."

"Establishment of government experimental farms for stock raising instruction and extension of the program for reclaiming lands."
"Removal of all restrictions on free speech, individuals and groups to be held responsible for their utterances. Extension of workmen's compensation laws to provide more adequately for those incapacitated by disease and injury to the state and insurance to supplant employers' liability insurance."

"Amendment to the immigration to restrict immigration to the capacity of the foreigners and to completely restrict it for at least two years after the signing of peace treaty and at any future time when an abnormal degree of unemployment exists."

EXPLAINS IDEAS OF BOLSHIEVIKI
LONDON, Jan. 15.—(British Wireless Service).—It is a great error to suppose that the Russian Bolsheviks are actuated by a general desire for universal peace, declared R. H. B. Lackhart, former British consul general to Moscow, who arrived recently in London, after being imprisoned by the Bolsheviks, in a speech in London last night.

"They promise universal peace," Mr. Lackhart said, "but they proclaimed universal war. It is easy in a country like Russia for a minority to override the majority. A great majority of the peasantry and other classes are against the Bolsheviks and have continued to work against the men as best they can."
"If Bolshevik methods had been adopted by the imperial government the liberal press of the entire world would have risen in indignation. The chief rigor of the Bolshevik terror has fallen on the other Socialist parties in Russia who are the most active opponents of the Bolsheviks."

SPARTACANS HEADS FAMILY RELEASED
Berlin, Jan. 15.—By the A. P.—The wife and youngest son of Dr. Liebknecht head of the Spartacans, who were arrested when Liebknecht's house was surrounded by soldiers and police yesterday have been liberated. Many incriminating Bolshevik documents were seized.

Liebknecht's eldest son is still in the hands of the police, among others arrested was Fraulein Jakob, secretary of the Spartacus union. Still nothing is known of the whereabouts of Dr. Liebknecht, former chief of police Eichorn or Rosa Luxemburg.

Authority Of War Labor Board Is Challenged

(By the Associated Press)

WASHINGTON, Jan. 15.—The authority of the national war labor board to enforce its decrees now that hostilities have ceased was challenged today by counsel for the Bethlehem Steel company who had been asked to appear to answer complaints that awards made by the board during the war had not been carried out.

Joint Chairman Taft of the board questioned the good faith of the company and said its present attitude "colors the whole situation with a sense of injustice which makes one year for judicial power to compel compliance. He added that the board did not have this power but would meet Saturday with employees' representatives to determine, what there is possible to be done in this situation."

Representatives of mahinists and electricians employed by the Bethlehem company complained that awards of back pay were not carried out and that men who complained thru the plant committees established by the board were discharged.

"Our position is that the award does not apply today," said Guy Currier of Boston, attorney for the company "the during the war we were prepared to accept anything the board recommended. We don't feel now that this board can go on adjusting grievances between employees and management of the steel plants."

Taft Makes Explanation.
Chairman Taft read a letter which the board received last September, from E. G. Grace, president of the Bethlehem company, who expressed willingness to enforce the award and allow the men to organize committees. He said, however, that the payment of the back wages under the increases would be contingent upon the readiness of the war and navy departments to increase the payments to the company for the production of munitions.

"Now doesn't the Bethlehem company intend to show any good faith with the board," Mr. Taft demanded. "You entered into the agreement to enforce the award in this letter. I don't consider your present attitude shows good faith. You intend to flout what has been done."

Attorney Currier objected to construction placed upon the action of the company by Mr. Taft.

Another Half Billion Needed For Railroads

(By the Associated Press)

WASHINGTON, Jan. 15.—Another appropriation of \$500,000,000 or more will be asked of congress soon by Director General Hines for the railroad administration's revolving fund to be used mainly in extending loans to railroads to cover the extensive program of improvements and extensions for which more than a billion dollars probably will be spent this year. Most of the half billion dollars originally appropriated for the revolving fund was spent in financing improvements and extensions of equipment last year. Loans generally are to be made at six per cent and will be repaid to the government.

Reason for Appropriation
Mr. Hines said that the railroad administration's function of financing necessary improvements as differentiated from the function of the current operation of railroads is the reason which will require an early request for a large appropriation.

He explained that capital expenditures of railroads in 1913 and 1914 for extensions of lines, new buildings, bridges, cars, locomotives and similar purposes are calculated at about \$1,627,000,000, including \$350,000,000 estimated as necessary in 1919, and \$1,277,000,000 authorized for 1918. Of the authorized capital expenditures budgets last year only \$588,000,000 was actually used and \$689,000,000 remains to be spent in 1919. This means that the railroad administration's program for railroad extensions and betterments in 1919 calls for outlay of \$1,039,000,000 or three times as much as was spent by all railroads annually for several years before this year. In view of the approaching fifth Liberty Loan Campaign, officials believe railroads would have considerable difficulty floating publicly sufficient securities to pay for improvements which administration considers advisable to bring the lines up to a high state of efficiency.

For this reason, Director General Hines, advocates continuance of the policy of government assistance regardless of whether congress extends the period of federal control.

ALLIED PEACE CONFERENCE WILL BE HELD IN SECRET

Official Communique Will Be Given To Public Daily

(By the Associated Press)

PARIS, Jan. 15.—(By The Associated Press).—The question of whether the peace conference is to be secret or wholly open to the eyes and ears of the world, the settlement of which has been long awaited was brought to a focus today when it was announced an agreement had been made to confine the information given to the public to a daily official communique and that a gentleman's agreement prevailed among the delegates not to discuss or in any way give information of the meetings in the foreign office. No written official announcement of this purpose was issued but word was passed out to this effect, and it was followed by a series of protests which quite drowned out the voices of the peace commission.

The understanding is that the American and British delegates opposed this decision but that the French, Italians and Japanese voting together prevailed.

The British newspaper correspondents immediately joined in a memorial of protest which they put before Premier Lloyd George.

Correspondents Protest
The American newspaper correspondents united in what is virtually a round robin to President Wilson in which they protested in measured terms against the decision and reminded the president that one of his fourteen points which specifies "open covenants of peace openly arrived at."

The memorial was before the president tonight and there is every reason to believe that such a storm has been raised as will force the question before the meeting again before the actual sessions of the peace conference begin Saturday morning.

The American newspaper correspondents of whom there are about one hundred here to report the peace conference have been received in daily audience by the American commissioners under the stipulated conditions that was what developed was solely for their guidance, and not to be reported as bearing the stamp of authority or coming from the mission.

The president himself has rarely seen any of the American correspondents and the newspaper men who have expressed themselves at a meeting of the organization that have formed as considering themselves trustees obligated to form public opinion at home of the moves which are being made here in Paris, have been chafing at what they have characterized as being kept out of touch with the fountain heads of official information having been confined to information disseminated by an official publicity agent.

Meanwhile the French newspapers and the British newspapers having Paris editions have been appearing each day with inside information of the conference and in some cases have actually quoted American officials in a manner from which the American correspondents were requested to refrain.

First Communique Issued.
Hitherto it has been the practice of the governments taking part in the preliminary peace conversations, says a statement given out today by the official press bureau to issue separate communications regarding the proceedings. From today it has been decided to issue a joint communique of which the following is the English text adopted by the British and American delegates.

"The president of the United States and the prime ministers and foreign ministers of the allied powers, assembled by the Japanese ambassadors in Paris and London, held two meetings today. In the course of these meetings the examination of the rules of the conference has been continued and almost completed."

"It was decided that the United States, the British Empire, France, Italy and Japan should be represented by five delegates apiece. The British dominions and India, besides, shall be represented as follows:

"Two delegates, respectively, Australia, Canada, South Africa and India, including the native states, and one delegate from Zealand."
"Montenegro will have one delegate but the rules concerning the designation of this delegate shall not be fixed until the moment when the political situation in this country shall have been cleared up."

"The meeting adopted the foreign two general principles.
"One—Each set of delegates forming it shall have no influence upon its status at the conference.
"Two—in the selection of its delegation each nation may avail itself of the panel system. This

Foch Presents Germany New Armistice Terms

(By the Associated Press)

LONDON, Jan. 15.—(British Wireless Service).—The new armistice terms to be presented to Germany by Marshal Foch are unofficially stated here to include the following:
First: Retribution upon the Germans for the murder and ill-treatment of allied prisoners.
Second: The machinery and goods stolen by Germany from France and Belgium to be at once given up. It is pointed out that France alone has 500,000 men who will be out of work until this machinery is returned.

Third: German gold amounting to more than £100,000,000 to be moved from Berlin to a safe place, probably Frankfurt and protected from Bolshevism in Germany en route. Certain other property to be surrendered.
Fourth: Germany to give her shipping of which she is believed to have 4,000,000 tons to carry food supplies to countries in Europe in need of them.

Fifth: Any U-boats on the stocks to be handed to the allies for their disposal or to be destroyed and no more submarines should be built.

ADOPT AMENDMENT TO REVENUE BILL

(By the Associated Press)

WASHINGTON, Jan. 15.—The senate amendment to the war revenue bill levying a tax of ten per cent upon products of child labor entering interstate commerce and designed to have the same effect as the child labor act recently declared unconstitutional by the supreme court, was adopted today by senate and house conferees.

A separate vote on the amendment will be taken in the house before final passage of the bill. Besides the child labor provision the conferees reached complete agreement today on nearly all of the miscellaneous tax disputes and have left for disposition only a few important questions.

Tomorrow they will again take up the war-excess profits taxes and hope to complete their work by next week. Several of the conferees believe now the bill will go to the president before Feb. 1.

Another important senate amendment accepted by the house conferees today was that moving war taxes on first class postage next July 1, when the pre-war rates of two cents an ounce on letters and one cent for postcards would again be effective.

Action on the second class mail provision of the senate, proposing repeal of the present zone system and establishing new modified zone rates was deferred.

Senate provisions creating an advisory tax board to aid in administering the new law were adopted by the conferees after being amended to provide for a board of five members at annual salaries of \$9,000.

WILSON MAY SAIL FROM ENGLAND

PARIS, Jan. 15.—President Wilson may visit England on his way back to the United States next month. He desires to sail for America from a British port probably Queenstown and have an opportunity to inspect the base of the American fleet which did such remarkable work in the anti-submarine warfare.

Mr. Wilson it is said, might decide to stop for a few hours at Oxford to receive an honorary degree which that university wishes to confer on him.

SHORT WORDED WILL
Chicago, Jan. 15.—Some lawyers use a thousand or more words in writing a will for clients but the late Attorney Sidney Stein required twenty eight to leave his \$200,000 estate to his widow. It was learned today when the will was filed.

IOWA RATIFIES DRY MEASURE
Des Moines, Ia., Jan. 15.—Iowa stood aligned tonight with the states of the union that have ratified the federal prohibitory amendments.
Ratification was accomplished by the state legislature thru a burst of speed, the resolution for approval requiring but fifty five minutes to complete passage of both houses.

Adjournment until tomorrow at 10 a. m., was then taken in both houses.

INCOME FORMS ALMOST READY.
Washington, Jan. 15.—Forms for reporting incomes of \$5,000 or less probably will be in the hands of the revenue collectors for distribution to tax payers not later than Feb. 1. Internal revenue Commissioner Hopper announced today.

will enable each state at discretion to entrust its interests to such persons as it may designate.
"The adoption of the panel system will in particular enable the British empire to admit among its five delegates representatives of dominions including New Zealand which has no separate representation, and of India."

HENEY PLEADS FOR REGULATION MEAT INDUSTRY

Assails Swift and Co. Before Senate Committee

(By the Associated Press)

WASHINGTON, Jan. 15.—Francis J. Heney, of San Francisco, who was chief counsel for the federal trade commission in its investigation of the meat packing industry told the senate agriculture committee today that Swift & Co. "had packed" the food administration with "dollar-a-year men" who received large salaries from the company at the time they were serving the government.

Mr. Heney, who was appearing in support of the Kendrick bill for government regulation of the meat industry said Food Administrator Hoover sought to stop him from making public letters criticizing retention by the administration of W. F. Priebe, while the latter still was in the employ of Swift & Co.

Mr. Hoover, according to the witness appealed to President Wilson saying that public action of the justice was hindering the food conservation campaign. Mr. Heney said he was called from Chicago where he was working in the commission's investigation of the packers and found on his arrival here that the president had advised the commission that he "had no instructions to offer, but hoped a head-on collision would be avoided."

Complaints Against Priebe
The witness said Mr. Priebe had charge of fixing poultry prices for the administration.

A copy of the complaints against Priebe, the witness declared, charged that he, thru various orders, was working in the interest of Swift & Co. Heney said he told Mr. Hoover, Priebe should be removed, but the food administrator declined to take such action, whereupon an agreement was reached that Heney would make public no more letters without first advising Mr. Hoover of their character.

Mr. Heney told the committee other employees of Swift & Co. who received salaries from the company while working with the food administration were E. O. Heyl, who had charge of fixing prices on canned goods; H. B. Collins and F. S. Brooks. Heyl later resigned under fire, Heney said.

Collins and Heyl, he asserted, received \$10,000 a year from the company.

The witness said that Joseph P. Cotton, head of the food administration's meat division was a man of "high integrity, but was unfit for the job of regulating the packers."

Mr. Heney said Mr. Cotton admitted to him that the profits of the packers in 1917 were "scandalous."

Swift's Profits Large
Swift & Co.'s profits year before last were \$47,000,000 "if you believe the books," said Mr. Heney. This compared with \$5,500,000 a year during the three pre-war years, according to the witness.

Replying to questions by Senator Kenyon of Iowa, and others, Mr. Heney said the commission's hearings in connection with the investigation of the packers had been brought to a halt because they had not been planned because of lack of funds and the desire of the president that a report be made as early as possible.

Asked if the "influences" had not been working against him, Mr. Heney said:

"I think there were a lot of influences that worked to end my activities but I don't think those influences had any effect upon the commission's decision to end the hearings."
Mr. Heney will appear before the committee again tomorrow.

NEW EXPORT LIST
Washington, Jan. 15.—Issuance of a new export list effective tomorrow and covering only goods in the list of Oct. 15, was announced today by the war trade arms and ammunition, coal and coke, motion picture films, and jute yarn and jute nitrate bags are the only important commodities other than food on the new list.

A PERMANENT MEMORIAL.
In St. Louis the name of the Central High school has been by action of the board of education changed to "The Theodore Roosevelt" school. No more fitting memorial for the ex-president could be chosen, for he had a large influence on the educational systems of the country during the time he served as president and the after years. The memorial will be much more impressive than a marble shaft or a pile of stone.

GIVING GOVERNMENTS.
A commentator on world conditions suggests that somebody will have to "give Russia a government." There is a great deal in this brief sentence for that is the kind of government that Russia had when the czar was in power. It is the kind of government that Mexico had during the time of Diaz.

There are some nations and peoples where government must be "given them" and that because they are not fitted to govern themselves. It is an easy thing to forget that republics and the principle of self-government are matters of growth, education and evolution and cannot come in a day.

A SMALL PERCENTAGE OF WRONG DOERS.

Important Announcement
Of Interest to the Ladies of Jacksonville and Vicinity

Mr. S. Green, for the past year in charge of our Ladies' Tailoring Department, will leave for New York about January 18, for the purpose of studying Spring styles.

The Spring style sheets have begun to come in, but while these give a fair idea of what the new styles will be, we have thought it better to send our Mr. Green to make a personal study, for in this way he will be better able to confer with and advise our many patrons.

It is anticipated that there will be quite a few changes recommended for this Spring by Eastern Style Experts, though no radical departure is expected.

It will be Mr. Green's particular effort to discover and bring home exclusive ideas—that while following out Dame Fashion's dictates, he will be able to suggest and modify to the best advantage of the person to be suited.

Those ladies who wish to confer with Mr. Green before his departure are invited to call at once.

fortunate, too, that still other workers have been found guilty of inefficiency and of conduct unbecoming their vocations.

But after all, there is nothing surprising about these facts when it is remembered that more than 6,000 Y. M. C. A. workers were employed in the war projects. The percentage of those who proved inefficient or evil doers is very small—in fact, smaller than would be likely to happen with so large a group of men engaged in a like line of activity with responsibilities new and large.

PROHIBITION DREAM NEAR REALIZATION.

Only one more state must ratify the national prohibition amendment to make it a certainty, for the total number of states giving favorable legislative action was made thirty-five yesterday. From all signs three states today will engage in a contest to see which one shall have the honor of completing the list and making the whole U. S. dry territory. When this is consummated some temperance workers who have had this country wide dream for twenty years will find it an actuality.

It is a well known fact that national prohibition has many friends and supporters that are lacking for county or state prohibition, in that these men and women felt that to be effective and equitable, prohibition must be a nation wide kind. These objectors to local prohibition have cited the injustice of making one city dry and then permitting the inhabitants to go by trolley, automobile or other conveyance to some nearby wet town to quench their thirst.

National prohibition has vast economic problems in connection with it and there must come a considerable period of readjustment. But it is right, at present it has the backing of public sympathy and the adjustment period can be passed thru satisfactorily. Consistently enforced prohibition means the saving of billions of dollars annually and the blotting out of untold amounts of poverty and misery.

A WORLD WIDE TASK.

It sounds like too great an undertaking, but there is good reason behind that anti-alcohol league pledge to endeavor to drive liquor from the world. It is the purpose to follow national prohibition with international prohibition. This work must be preceded by a long educational campaign, but the dry workers are showing their sincerity by the desire to not only drive liquor away from their home and country but to keep it away from other countries as well.

It would be a definite type of selfishness simply to say, "Let other countries take care of themselves" and to manifest no interest in the proposed plan of the liquor manufacturers to establish their distilleries in China and other foreign fields. To permit that without opposition would be like each city or state seeking to solve its problems without any consideration of conditions in other cities or states. Years ago the popular plan for handling poverty cases

was to furnish railway tickets to the next city. Undesirables used to be shipped on from city to city in this same way but it was found that this method did not solve questions of pauperism or crime. So the liquor question will not be permanently settled if it is simply passed on from one nation to another.

LIGHTENS THE HARDSHIP.

One reason the prohibition bill will not be a hardship for some people is because booze in these latter months has been of such a poor quality. It really will be no hardship to give up the consumption of these wood alcohol and lemon extract brands of liquor which bootleggers and dealers as well have sent into anti-saloon territory.

Whale Meat.
They tell us now the flesh of whale is good as quail on toast; I've read some soul inspiring tales about whale stew and roast. "The problem of man's food is solved," the scientists confess; "the whale meat diet we've evolved relieves the world's distress." So long we've eaten pork and veal, the diet's growing stale, and we should all elated feel, when gnawing ribs of whale. They're serving whale in fine hotels, boiled, roasted, poached and fried; in fact, the whale is wearing bells, wherever it's been tried. I read and journey, unawares, to days when I was young when they were booming Belgian hares, and you and I got stung. You recall those golden days, while doing in your chairs; then every man set in to raise about a million hares. We heard how they'd supplant the steer, the mutton and the goose; we'd make 10,000 bones a year, if hares we should produce. We raised the hares and when we went to sell them in the mart, the blamed thing wouldn't bring a cent—the mutton breaks my heart. And so no argument avails, or puts up any fee; you cannot sell me any whales, however low the price.

OLD JACKSONVILLE

TWO OLD COLLEGE CATALOGUES

By Ensley Moore

(Member Illinois State Historical Society)

Illinois College is the oldest college in this state. There was a seminary at Lebanon and one in or about Alton, before Illinois College began its great work, but Illinois was the first college from its organization. The Alton school founded by the Baptists, became Shurtzoff College; that at Lebanon, controlled by the Methodists, became McKendree College.

The writer has happened upon one of the earliest catalogues of McKendree, and will present points from it, and from one of about the same date of Illinois, Illinois College.

The first page of this catalogue reads as follows:

Catalogue of the Officers and Students of Illinois College: 1836-7.

Jacksonville: Printed by E. T. & C. Goudy. 1837.

The Trustees were: Rev. Edward Beecher, Hon. J. P. Wilkinson, Esq., William C. Posey, Esq., Rev. Theodor Baldwin, Rev. John F. Brooks, Rev. Eliza J. Jett, Rev. William Kirby, Rev. Asa Turner, Rev. John C. Bergon, John Tillson, Esq., His. Exc. Joseph Duncan, Col. Thos. Mather, Winthrop S. Gilman, Esq., Frederic Collins, Esq., Treasurer and Agent, Nathaniel Coffin, Esq., Secretary.

Rev. J. M. Sturtevant, Superintendent of the Farm, Jeremiah Graves.

The Faculty. Rev. Edward Beecher, A. M., President and Professor of Moral and Intellectual Philosophy and Political Economy.

Rev. J. M. Sturtevant, A. M., Professor of Mathematics and Natural Philosophy and Lecturer on Chemistry.

Truman M. Post, A. M., Professor of the Greek and Latin Languages.

Jonathan Baldwin Turner, A. M., Professor of Rhetoric and Belles Lettres.

Preparatory Department. Reuben Gaylord, A. B., Instructor.

There were three Seniors, eleven Juniors, twelve Sophomores and sixteen Freshmen. Some of these rooms in the College Building (mostly burned in 1852) and some in the Chapel

building (now Beecher Hall). There were twenty one students in the Preparatory Department.

The annual expenses, less vacations, were \$103. There was a Manual Labor Department, and a Benevolent Library for "indigent students."

The catalogue had a colored enameled paper cover, and was of 24 pages.

The other catalogue was with-out a cover, and its outside first page read:

McKendree College. First Annual Catalogue of the Officers and Students.

Lebanon, Illinois. August, 1837.

The Trustees were: Rev. Thornton Peeples, President.

James Riggins, Esq., Secretary. Benjamin Hynes, Treasurer.

Rev. John Dew. Rev. Samuel H. Thompson. Rev. Joshua Barnes.

Rev. John Hogan. Rev. Benl. T. Kavanaugh. Theophilus M. Nichols, Esq.

Nathan Horner, Esq. Samuel Stites. Christip Cunningham.

Hon. Alex. M. Jenkins. John C. Gore. Hiram K. Ashley, Esq.

There was an Executive Committee, a Visiting one from Illinois Conference, two Agents and an Auditor.

The Faculty. Consisted of Rev. John Dew, President and Professor of English Literature.

Rev. Annis Merrill, A. B., Professor of Ancient Languages and Literature.

James W. Sutherland, A. B., Professor of Mathematics and Natural Philosophy.

(Two Faculty positions were vacant.) Preparatory Department.

Rev. John S. Barger, Principal. Wesley Bennet, Assistant.

Rev. David Chamberlain, Steward.

There were twenty two students in the Collegiate Department, and fifty one in the Preparatory.

The expenses were \$87.50 to \$99.50, according "to the instruction given."

There were twelve pages of reading matter in this publication.

Among the names of students in each catalogue were some which afterwards became prominent.

Why Avery Tractors Make Good

There are thousands of Avery Tractors in the hands of farmers throughout the entire United States and in over 61 foreign countries. The fact that these thousands of Avery Tractors are doing their work successfully all over the world is proof that the design and construction of the Avery Tractor is correct.

Avery Tractors Have More Exclusive Features Than Any Other Tractors Built

They have patented sliding frames which makes possible the simplest belt and drawbar transmission system built. They have perfected opposed motors with inner cylinder walls that are renewable; practically unbreakable crankshaft; adjustable crankshaft bearings; and gasifiers that turn kerosene or distillate into gas. Avery Tractors also have round radiators with no pumps, fans, belts, chains or other troublesome parts which are easily broken.

These are some of the reasons why Avery Tractors have made good. And behind Avery Tractors are three big Avery factories and many branches, which insure service at all times.

These are all described and illustrated in the Avery catalog. Come in and get one—it's free.

BASEBALL PLAYERS' SALARIES SLASHED

NEW YORK, Jan. 15.—National League baseball players will receive an unpleasant surprise when their 1919 contracts as a result of the magnates' action today in adopting a club salary limit of not more than \$11,000 per month. This is the most radical financial retrenchment attempted by a major league in many years and will prove a startling upset to those diamond stars who may have ex-

pected a continuation of the high salaries and long time contracts of pre-war days.

Under the new regulation, which was adopted by a vote of 6 to 2 the maximum monthly salary limit during the playing season must not exceed \$11,000 plus the managers salary. This will make the seasonal payroll foot up approximately \$60,000 for a playing period of about five and a half months. With a club roster of 22 players the average will be \$500 per player per month. The new rule also carries a penalty in the form of a fine of \$5,000 for every infraction.

RECOMMEND EXTENSION OF TIME

Washington, Jan. 15.—Secretary Glass wrote Chairman Kitchen of the house ways and means committee today that he will shortly recommend extension of the privilege of converting liberty bonds of the first and second issues to bonds bearing interest at the higher rate of 4 1/2 per cent. The period during which the bonds might be converted closed Nov. 9.

WOOD MADE HEAD OF CENTRAL DEPARTMENT

CHICAGO, Jan. 15.—Major General Leonard Wood was in Chicago today when telegraphic orders were received from the war department directing him to take charge of the Central Department with headquarters in Chicago. The general immediately issued an order announcing he had assumed command and named as his aides de camp Captain Landon Thomas, infantry; Captain George Von L. Meyer, infantry and Second Lieutenant Osborne Wood, infantry. The general said he would divide his time between Camp Funston and Chicago until the Tenth Division had been demobilized. He said his relations with the people of Kansas had been most pleasant. He left tonight for the cantonment.

PICTURE ACTORS BANDED TOGETHER

LOS ANGELES, Cal., Jan. 15.—Miss Mary Pickford, Douglas Fairbanks, William S. Hart, Griffith have banded together and the actress and actors will hereafter produce their own pictures according to an announcement made here today by Douglas Fairbanks. The part of Mr. Griffith, who is producer in the new alignment was not definitely announced.

It was announced at the St. Louis convention bureau tonight.

GERMAN CREWS DEMAND MORE MONEY

Berlin, Jan. 13.—The crews of the German mine sweepers according to Cologne Volks Zeitung are refusing to serve unless they receive increased pay and a new schedule calling for bonuses as high as one hundred marks daily exclusive of the insurance guarantee. The increase would amount to 400,000,000 marks.

WILL DISPOSE OF WHEAT TO MILLERS.

New York, Jan. 15.—The food administration grain corporation announced tonight that in the near future it will formulate a policy of disposing of a portion of its reserve stocks of wheat to the mills in order that the prices being asked for flour and mill feed may not be increased unduly because of the excessive premiums being paid by the mills for wheat in certain portions of the United States, especially in the southwest and middle states.

CALL INTERNATIONAL CONFERENCE.

London, Jan. 15.—In the absence of a definite policy from the allies concerning the manner in which Germany shall make compensation for the dependents of submarine victims among seamen, the executive of the International Federation of Sea Farers has evolved a plan by which the officials hope to force the peace conference to act. The committee has called an international conference in London on Feb. 4, at which the leaders of the seamen, including Andrew Furuseth of the United States expect that the conference will adopt a universal wage scale.

TRIBUTE TO ROOSEVELT

New York, Jan. 15.—Tribute was paid the memory of Colonel Theodore Roosevelt by members of the National Boot and Shoe Manufacturers' association at the banquet held here tonight in connection with their annual convention. At the call of their retiring president, John S. Kent, they rose and stood in silence for thirty seconds out of respect to "our great departed American of Americans." Bishop Charles D. Williams of Detroit, who recently returned from Europe was the principal speaker.

RESTRICT PUBLICITY.

Paris, Jan. 15.—The supreme council of the peace congress has decided that hereafter all information concerning the proceedings will be restricted to an official communiqué prepared jointly by the secretaries of the delegations of the five great powers. The delegates will not comment or give any information except that contained in the official communiqué.

NEW YORK, Jan. 15.—The Commercial Club company, today obtained permission from federal Judge Hand to carry direct to the United States supreme court in an appeal from his recent decree refusing an injunction which would prevent merging of its lines under federal control with those of the Western Union. The injunction proceedings named Postmaster Burleson and Newcomb Carlton, president of the Western Union as defendants.

BERLIN, Jan. 15.—(By the Associated Press)—The numerical importance of the Bolshevik elements outside of Berlin has again been demonstrated by the city elections.

At Chemnitz in a total vote of more than 117,000 the combined Spartacists and independent polled 6,286 and the majority Socialists 64,534.

CORRUPT PRACTICES ACT ATTACKED

WASHINGTON, Jan. 15.—Validity of the federal corrupt practices act of 1910 as amended to apply to primary elections was attacked in a brief filed today in the supreme court by defendants in the so-called Michigan election contempt cases an appeal in which is now before the court.

The proceedings resulted from the action of the federal district court in New York holding in contempt Frank W. Blair, Allan A. Templeton and Thomas P. Phillips for refusing to answer certain questions before a federal grand jury investigating primary campaign expenditures made by Truman H. Newberry, Republican senator-elect from Michigan. The brief contended that the federal grand jury was without jurisdiction to inquire into financial expenditures made in the Michigan primary.

SOCIALISTS AND I. W. W. AGAIN MEET DEFEAT

(Continued from Page 1)

bor board sent a message expressing regret that he was unable to come to Chicago to address the convention. He urged the body to adopt a constructive program in the Mooney case. He suggested that the delegates appoint committees to ask the California legislature to pass a law authorizing the setting of verdicts in criminal cases where it is shown the conviction was obtained on perjured testimony and to appeal to President Wilson to appoint a special assistant attorney general to conduct an investigation by a federal grand jury of the San Francisco bomb outrage.

W. F. Dunne of Butte, Mont., called a caucus of the radical delegates which was held tonight in an attempt to agree upon a program for tomorrow. The radical leaders have been unable to control their delegates, it is said and the session tonight was necessary to coordinate their forces for the fight on the floor of the convention tomorrow.

One of the threats being made by the radicals is to demand an accounting of the funds expended in the Mooney case in the last two years.

The conservative forces want to take action on the Mooney case and adjourn tomorrow. The radicals want to stay several days longer and discuss international labor questions and other things.

WAGE INCREASE AGREED TO.

Cleveland, O., Jan. 15.—A ten per cent wage increase which effects over 12,000 workers, was agreed to here today at a conference between representatives of the National Window Glass Workers association and a committee of window glass manufacturers. Itching, Scratching, Skin Diseases That Burn Like Flames of Fire

There is a Sensitive Treatment That Gets Prompt Results

For real, downright, harassing discomfort, very few disorders approach so-called skin diseases, such as eczema, tetter, itchy eruptions, scaly irritations and similar skin troubles, notwithstanding the lavish use of salves, ointments, washes, and other treatments applied externally to the irritated parts.

No one ever heard of a person afflicted with any form of a disease whose blood was in bad condition. Therefore, it is logical to conclude that the proper method of treatment for eczema, blotches, sores, boils, rough, red and scaly skin, is to purify the blood and remove the tiny germs of pollution that break through and manifest their presence on the surface of the skin.

People in all parts of the country have written us how they were completely rid of every trace of these disorders by the use of S. S. S., the matchless, purely vegetable, blood purifier. S. S. S. goes direct to the center of the blood supply, and purifies and cleanses it of every vestige of foreign matter, giving a clear and ruddy complexion that indicates perfect health. Thereafter for a number of years he held a position in a banking house at St. Cloud, Minn. Returning to Jacksonville he had a position with the Wadsworth hardware store and then became a traveling salesman for a well known hardware house. For a period of twelve years he traveled out of Kansas City and was very successful in his work, with a wide clientele extending thru several of the western states.

Two or three years ago failing health necessitated Mr. Rockwell's retirement from active business and for a year he has been practically an invalid. During this long period of illness he had the loving care of his sister, Mrs. L. A. Frost, with whom he always made his home when in Jacksonville. Mr. Rockwell was a member of the Episcopal church and affiliated with the Masonic lodges, Knight of Pythias, United Commercial Travelers and several other fraternal organizations.

Mr. Rockwell is survived by no near relatives other than his sister, Mrs. Frost. He was a man of a most kindly and generous spirit, ever ready to serve his friends, and so thru the years he had a lasting popularity. In all the work he undertook more than usual ability was shown and strong, manly traits dominated his life.

The name of Rockwell is closely identified with the history of Morgan county and the grandfather of the deceased, Dennis Rockwell, was long one of the most prominent residents of this county. He held several positions of public trust and was for a long period actively identified with public affairs here.

The arrangements for Mr. Rockwell's funeral cannot be made until relatives are heard from, but the service will probably be held on Saturday.

BRAZILIAN PRESIDENT'S

CONDITION GRAVE

Rio Janeiro, Jan. 15.—The condition of Dr. Rodriguez Alves, president-elect of Brazil who had been unable to assume office since Nov. 14 on account of ill health, were reported to be very grave today. Three physicians were called to his bedside this afternoon.

What The Doctor Said

"It is always safer to keep the bowels open. That means that there will be no poison absorbed into the blood from the fermentation of food-waste which is left in the system. A good, thorough laxative is the best thing the home medicine chest can have."

Your druggist has a new preparation called SALINOS that is a thorough laxative which will completely empty the bowels, including the lower bowel, without the slightest discomfort. It is called the pleasant laxative salts because it is pleasant both in taste and in action. It never gripes but is always soothing as well as sure in its results.

Be safe. Get SALINOS. Keep your bowels open and protect your health. You can get a bottle for a Quarter (larger sizes Fifty cents and a Dollar). Use it when you first get up in the morning, then eat your breakfast. The results will be prompt and pleasant. If you want to know what a pleasant laxative is, use SALINOS tomorrow morning.

CONCORD RESIDENTS OBSERVE ANNIVERSARY

Mr. and Mrs. G. W. Rentschler Married Fifty-Seven Years—Wester Funeral Held Tuesday Afternoon—Other Concord News Notes.

Concord, Jan. 15.—Fifty-seven years ago today, Jan. 14th, G. W. Rentschler, and Miss Lucretia Henderson were married. They are celebrating the day at their pleasant home on the west side of the village. He is 81 and his wife is 79. This morning they ate breakfast on the same little drop-leaf table (just for the safe of the day), that they began to use 57 years ago. Among their grandchildren they have a pair of twin granddaughters who are eleven years old today, as it is their anniversary too. They are children of Mr. and Mrs. H. B. Rentschler, farm, Mr. and Mrs. Rentschler are the oldest couple in this part of the county, and while they are not so spry as in years gone by, they bid fair to live years more. The twin girls are named for their grandmothers Lucretia and Louise.

Speaking of old couples in Concord precinct, we are glad to mention two others. Mr. and Mrs. Milton Ham and Mr. and Mrs. J. H. Heffner are also among the aged married folks.

The Wester Funeral.

Daniel, son of Mr. and Mrs. J. J. Wester, died Sunday morning about 9 o'clock, after an extended illness. He had been receiving treatment in Jacksonville for some time, but had been home for a number of weeks. After eating a good meal on Thursday, he suddenly grew worse and became unconscious but lived until Sunday as before mentioned. He was born August 4, 1902 in Ranger county, Tenn., and was a very industrious and untiring over-look him several years ago. Besides his parents, he is survived by three brothers and three sisters as follows: Hubert, Lewis, Samuel, Willa, Daris, and Alice. One infant brother died some years ago. Funeral services were held Tuesday afternoon at one o'clock at the home northeast of here. Rev. A. Fairchild was in charge. Burial will be made in Concord cemetery.

Miss Alma Deterding returned Saturday from Springfield where he had been to see her father in the hospital. He seem to be doing quite well. His knee is in a plaster cast.

Mr. and Mrs. Phillip Stock, of Ass county, and Mr. and Mrs. Lyde Taylor, of Scott county, were Sunday visitors at the W. C. Brockhouse home.

Henry Brockhouse and wife visited on Sunday at the home of V. F. Nergenah.

To Work in Beardsdown.

Arthur Nergenah has gone to work in the car shops at Beardsdown.

Mr. and Mrs. Lawrence Brockhouse, of near Markham, were Sunday visitors at the home of August Brockhouse.

Ruth Henderson, of the force of Waddells, was a Sunday visitor with her aunt Lula E. Henderson. She attended church at Chapin on Sunday night and returned on No. 12.

John Alderson and Mr. and Mrs. Joe Degroot are on the sick list.

Mr. G. E. Huston, of Joy Prairie, was a visitor at the home of her parents, Mr. and Mrs. G. W. Rentschler on Sunday. Her father was laid up last week with bronchial trouble, but is better.

August Brockhouse hauled 66 bags to Chapin, averaging about \$5, on Monday and shipped to St. Louis market. They were a fine bunch of his own raising.

Dr. F. G. Eller was called to see some of J. E. Whortens stock on Monday.

Two new trains were added to the Wabash service on Monday. No. 53, west bound is due in Chapin at 6:55 a. m. No. 52, east bound is due at 5:25 p. m. These trains were taken off a number of weeks ago, and are now back in the service on a new time card, and run daily except Sunday.

Miss Addie Fox, of Chapin, went Saturday to visit her cousin, Mrs. Harris Robinson, of Petersburg.

SUDDEN CHANGE IN DEMOBILIZATION

LONDON, Jan. 15.—The Central News declares that as a result of the allied discussions in Paris the whole aspect of demobilization has undergone a sudden and vital change, this being shown in the drastic conditions demanded of Germany for a renewal of the armistice.

"On authority of an unimpeachable character," says the Central News, "it can be stated that a situation exists in Europe under which war may break out again at any moment. The allied war council has arrived at a decision which means that the British people have mistaken the appearance of peace for reality. This decision means that the new British ministry must revise the whole scheme of army demobilization."

"The decision is that Great Britain in proportion to its military strength must maintain an army of occupation on the Rhine for many months. If the rapid increase in demobilization recently announced were continued there would in a few months be no army in France to undertake the obligations which, by common decision of the allies, have been placed upon British shoulders."

FIRE AT ASA ROBINSON'S

ILLINOIS STUDENTS IN ATHLETIC MEETING

Elected Officers for Athletic Association Yesterday—B. O. Cully Manager of Basketball Team.

At a mass meeting of Illinois students held Wednesday, Charles Capps was elected president of the Athletic association and B. O. Cully, manager of the basketball team, Charles Capps and Hobart Carmichael were named yell leaders and Francis Taylor was selected as members of the athletic board of control.

Illinois College has completed its schedule for the basketball season and the opening game will be played in David Pincus gymnasium Saturday night at 8 o'clock. Capt. Coon has been in charge of the S. A. T. C. unit here will officiate. Capt. Coon was a member of the University of Wisconsin five while attending that school and is famous as a basketball player.

Coach Harmon had scrimmage in the college gymnasium Wednesday with Routt college and got some good practice for his squad. He tried Cully, Whisler and Best forwards, Tomlinson center, Andrews, Mutch and Underwood, guards. These men probably will start the game against McKendree.

Owing to the fact that the men have not had much practice it is probable that Coach Harmon will give nearly every man in uniform an opportunity to play.

From the fact that the season has been late in starting it was decided not to sell any season tickets. The admission to single games will be 50 cents to the general public and 25 cents to all students whether or not they attend Illinois college.

THE BIG GAME

McKendree College vs. Illinois, David Prince Gym., Saturday, 8 p. m. Adm. 50c. All students 35c.

Chiropractic

contends that pressure upon a nerve interferes

with its conductivity and that this interference prevents the part or organ to which this nerve is a conveyor of "vital energy" from performing its functional duties, with 100% degree of efficiency. In at least 95% of cases, the place where interference with the transmission of mental impulses is of degree sufficient to cause deranged functional activity (or "disease") is found to be at the intervertebral foramina—the little openings between the vertebrae on either side of the spine, where the thirty-one pairs of nerves emit from the spinal cord. At any of these places, a slight misalignment of a vertebrae (technically called a SUBLUXATION), may so press upon the pair of nerves passing out thru it as to interfere more or less seriously with their conductive power. The CHIROPRACTOR, with his hands, adjusts the subluxated vertebrae, by a unique movement quick, precise and effective and relieves this pressure from the nerves. Pressure removed, normal transmission of vital energy is brought about, 100% of mental impulses reach such organs or tissues as these nerves supply, and their functions are performed perfectly —with the result known as "health."

Changes in Toll Rates

In accordance with an Order of the Postmaster General, the following changes in the classification of toll service and rates therefor, will become effective at 12:01 a. m. January 21, 1919.

A. STATION-TO-STATION CALLS

A Station-to-Station Call is one on which the person originating the call does not specify a particular person to be reached at the called station, but gives only the number of the telephone station desired or the name and address under which the telephone is listed. The charge for a Station-to-Station Call is based upon a rate of six and one-fourth mills per mile and the period is five (5) minutes where the rate is 25 cents or less and three (3) minutes where the rate exceeds 25 cents. The charges for Station-to-Station Calls can not be reversed.

B. PERSON-TO-PERSON CALLS

A Person-to-Person Call is one on which the person originating the calls specifies a particular person to be reached at the called place. The rate for a completed Person-to-Person Call is approximately 25% higher than the Station-to-Station rate, and the initial period is three (3) minutes. Under certain conditions a partial charge (to be known as a Report Charge) will be made where it is impossible to establish communication on a Person-to-Person Call, as for instance, where the called party is out of his office, out of the city or for any reason is unable to be located through no fault of the Telephone Company. The Report Charge is approximately one-fourth of the initial Station-to-Station rate with a minimum charge of 10 cents and a maximum charge of \$2.00.

C. APPOINTMENT CALLS

An Appointment Call is a Person-to-Person Call on which communication is to be established at a specified time. The rate for a completed Appointment Call is approximately 50% higher than the Station-to-Station rate.

D. MESSENGER CALLS

A Messenger Call is a Person-to-Person Call requiring the use of a Messenger or a telephone not connected with this company's system to bring the specified person to a public station. The rate for a completed Messenger Call is approximately 50% higher than the Station-to-Station Call, in addition to the charge for Messenger Service.

E. COLLECT CALLS

A Collect Call is a Person-to-Person Call, the charges for which are to be received—i. e., collected from the called station. The rate for a Collect Call is the same as that for a Person-to-Person Call.

F. EVENING AND NIGHT RATES

Between 8:30 p. m. and 12 Midnight, the Station-to-Station rates are approximately one-half of the day rates. Between 12 Midnight and 4:30 A. M. the Station-to-Station rates are approximately one-fourth of the day rates.

Evening and night rates do not apply to Person-to-Person calls including Appointment and Messenger calls, nor to Collect Calls.

No Person-to-Person service is given, nor Appointment or Messenger service accepted for completion between points where the Station-to-Station rate is five or ten cents.

Further information will be gladly given upon application to the Toll Chief Operator or Manager.

Jiffy-Jell

With Salad Flavor

Jiffy-Jell desserts come in many fruit flavors. But Lime Jiffy-Jell flavored with lime fruit—makes the best salad jell. It is tart and green. The flavor comes in liquid form, sealed in a vial. Serve with your salad. Or mix in vegetables, cooked or uncooked, before the Jiffy-Jell cools. Leftovers will do. Or mix in meat scraps and make a meat loaf. Try Loganberry Jiffy-Jell for a dessert and Lime for a salad jell. One package serves six. These quick, economical dainties serve a big need today.

GERMANY'S GOLD TO BE TRANSFERRED
PARIS, Tuesday, Jan. 14.—German gold reserves which the allies propose to transfer to Frankfurt from the Berlin Reichsbank totalled 2,262,626,000 marks on December 31, according to the last official report of the Reichsbank.

Compilation made here from German official representation relative to paper in circulation gave a total of \$1,792,318,000 marks. Besides this there are great quantities of paper which various municipalities have issued.

SHORTAGE OF PEANUTS IN TEXAS
Dallas, Tex., Jan. 15.—A shortage of peanuts has resulted from unfavorable weather conditions in Texas last summer, according to big dealers here. B. W. Higgins, both, one of the leading buyers, said the Texas crop this year would be only 25 per cent normal.

The severe drought last summer prevented farmers from raising more than a small share of their usual crop. The drought was followed by excessive rains that caused damage before the peanuts had reached maturity. The government estimate showed that 15,000,000 bushels of peanuts were raised in Texas in 1917. One section which in 1917 produced 2,000 carloads, this year produced only 300 carloads.

Conditions in east and south Texas were better than in north Texas where heretofore has been the principal district of production.

A WORKING GIRL'S LIFE

Day in and day out, month after month, she toils. Often she is the breadwinner of the family and must work that others may live. Rain or shine, warm or cold, she must be at her place of employment on time. A great majority of such girls are on their feet from morning until night, and symptoms of female troubles are early manifested by weak and aching backs, dragging-down pains, headaches and nervousness. Such girls are asked to try that most successful of all remedies for woman's ills, Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been giving girls strength to do their work.—Adv.

"TIZ" FOR TIRED AND SORE FEET

Use "Tiz" for Puffed-up, Burning, Aching, Calloused Feet and Corns.

Why go limping around with aching, puffed-up feet—feet so tired, chafed, sore and swollen you can hardly get your shoes on or off? Why don't you get a 25 cent box of "Tiz" from the drug store now and gladden your tortured feet?

"Tiz" makes your feet glow with comfort; takes down swellings and draws the soreness and misery right out of feet that chafe, smart and burn. "Tiz" instantly stops pain in corns, callouses and bunions. "Tiz" is glorious for tired, aching, sore feet. No more shoe tightness—no more foot trouble.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR, DOUBLE ITS BEAUTY

Try This! Hair Gets Thick, Glossy, Wavy and Beautiful At Once.

Immediate?—Yes! Certain?—That's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, girls' after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggly, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use when you see new hair—fine and downy at first—yes, but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents.—Adv.

Famous Old Recipe for Cough Syrup
Easily and Cheaply Made at Home, But It Beats Them All for Quick Results.

Thousands of housewives have found that they can have two-thirds of the money usually spent for cough preparations, by using this well-known old recipe for making cough syrup at home. It is simple and cheap to make, but it really has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2 1/2 ounces of Pinex from any drugist, pour it into a pint bottle, and add plain granulated sugar syrup to make a full pint. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating thru every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic croup, whooping cough or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its healing effect on membranes.

Avoid disappointment by asking your druggist for "2 1/2 ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or your money promptly refunded. The Pinex Co., Ft. Wayne, Ind.—Adv.

GRADUALLY ENTERED WAR.
As the war progressed, a member of the famous band who had faced death innumerable times by daring dashes into the wilderness after criminals, one by one dropped out to join the overseas forces until the organization had all but disbanded. Official reports have shown that they continued their intrepid exploits in the war zone.

Government officials have said that the history of the Scarlet Riders is also the history of law and order in the Canadian northwest. The proud claim is made that the horsemen have never failed to account for a criminal after once taking the trail. It has not always been possible to bring back the man alive however, and in each of these cases a formal notation is made telling where the body is buried.

The records at headquarters, which contain thrilling adventures show that on more than one occasion a single officer rode into the northern wilderness, used dog teams to penetrate still farther, and then "mushed" (walked) to his destination to arrest an Indian or Eskimo who had killed a white man or tribesman. Now and then a fugitive shot first and with true aim.

But official records show that no criminal who murdered an officer ever escaped vengeance of that officer's comrades.

CHILD'S DEATH HALTS FATHER'S FUNERAL

Paul Woodall Dies as Funeral Cortege of Father is Preparing to Leave for Cemetery—Double Funeral Will Be Held—Winchester News Notes.

Winchester, Jan. 15.—Paul Woodall, five years old son of the late James Woodall, died at 1 o'clock this afternoon of pneumonia. The boy's death occurred at the hour that the funeral cortege was preparing to start for the cemetery with the body of the father who died of the same disease a few days ago. The death of the boy caused a postponement of the service and a double funeral will be held today.

T. C. Hill of Decatur, who is visiting relatives and friends here, addressed the audience at the Lyric theater this evening. Mr. Hill told of his experiences on the war front in Europe and his story held the close attention of the audience throughout.

Mrs. Chester Cowper is improving after a three weeks illness of influenza.

Louis A. Weaver of Virginia arrived Wednesday for a visit with Henry Higgins and family.

W. H. Kinison left Wednesday for Jacksonville.

The general assembly of the Woman's Club will meet at the Library Monday afternoon at 2:30 o'clock. On account of the influenza epidemic there have been but few meetings held during the winter.

The State Council of Defense is asking every county in the state to organize a War Historical Society. The Home section of the Red Cross society of this county has already accomplished much work along the lines indicated by the state council of defense. An effort will be made to perfect a permanent organization and a meeting for the purpose will be held at the court house Saturday afternoon at 2:30 o'clock. It is hoped there will be a representation from all parts of the county present at this meeting. The object of this historical society is to secure photographs and the names and other data of every soldier enlisted in each county.

Schram & Buhrman's Jewelry Store will close each evening except Saturday, at 5:30, during January and February.

A NEW CITIZEN
Dr. G. H. Kopper has associated with him in his life insurance business H. R. Gillespie of Greenfield. The gentleman will be field agent for the company and work in this vicinity. He has been associated with the doctor for some time already and in the new and enlarged field he will have still more important duties.

The new office of Dr. Kopper was opened yesterday. The furniture and fixtures are of an attractive type and the public will appreciate this office. "Service" is the word which has been attached to the offices and it is evidently Dr. Kopper's intention to furnish the public with various conveniences.

GOES TO WISCONSIN
Mrs. Isiah Strawn left last night for Lake Mills, Wis., summoned on account of the serious illness of her brother-in-law, Mr. Kemys-Pynpe. The patient has been in ill health for some months and his condition has now grown more serious.

COURTESIES TO SOLDIERS
Jacksonville people who have recently been in Roodhouse have been interested in noting the plan followed there for extending courtesy to returned soldiers. A canteen has been erected on the station platform and there sandwiches, coffee and other refreshments are served to soldiers. One of the canteen workers meets each train and every incoming soldier is escorted to the canteen. Any desired information is given and various courtesies are extended, which the travelers greatly appreciate.

GETTING PICTURES WHILE OVERSEAS
Fred Spith, who is in the overseas service of the army, has written his brother, Otto Spith, about some splendid pictures he has secured. The young man is in the photography section of the air service. He promises to bring home a splendid art collection.

O FOR HARD ROADS
Occasionally an automobile from the country was seen in town yesterday and it was loaded down with mud and plastered almost beyond recognition. Men who drove horses to the city found the roads quite heavy and a rain would make them well nigh impassable. Now is the time good roads would be most wonderfully appreciated.

Schram & Buhrman's Jewelry Store will close each evening except Saturday, at 5:30, during January and February.

WILL GIVE ANNUAL VIOLIN RECITAL

Miss Moore to be Heard in Violin Recital at Illinois Woman's College—Interesting program for the First Recital of the Season.

Tonight at a quarter past eight o'clock, Miss Clara Moore, teacher of violin at Illinois Woman's College will be heard in her annual recital, with Mr. Stearns at the piano. Miss Moore has prepared a program of unusual interest which, presented with her mastery of her chosen instrument, insures an evening of unusual enjoyment.

Perhaps the number of greatest interest on the program is the Sonatina in G Major, for piano and violin by Antonin Dvorak, the celebrated Bohemian composer. Dr. Dvorak was for a number of years a resident of America, during which time he became very much interested in the music of the American Negro, and pointed out to the American composer that here he had a rich source of folk music from which to draw his themes. To prove his contention Dr. Dvorak wrote a number of compositions in which he either used negro melodies outright or else invented themes in the style of them. This Sonatina belongs to the latter class of compositions and shows strongly the source of inspiration from which it was drawn.

The program in full is as follows:
Sonatina in G Major for piano and Violin Dvorak
Allegro Risoluto, Larghetto, Allegro.
Sarabande from Sonata No. 7 Bach
Gavotte Bach
Litaney Schubert
Moment Musical Schubert
The Bee Schubert
Spanish Dance Sarasate
Les Adieu Sarasate

FORMER RESIDENT NOW VERY WEALTHY

Lewis Willson Has Extensive Holdings in Western States

An item in the Journal yesterday stated that Lewis Willson, a former resident now of Colorado, is here looking for a farm. Yesterday someone called the Journal's attention to the fact that this little item was a "boner."

Lewis Willson, a former resident of the city, is here to visit his mother who still lives in this vicinity. Mr. Willson is not looking for a farm on his own account but is assisting a young relative in securing a desirable farm location.

Since living in Jacksonville Mr. Willson has prospered largely in the west. He has large income property in Colorado and ranches for both cattle and horses in Wyoming and Nebraska. In addition he has large land holdings in Texas and has realty also in some other western states. When it is known that Mr. Willson last year disposed of one cattle ranch valued at something more than \$100,000 it will be readily understood that he has been very successful and can be classed as one of the Morgan county residents who has done big things in a business way since leaving here. The fact is that to rate Mr. Willson as a millionaire would not be overdoing the matter.

MEMORIAL SERVICE CONGREGATIONAL CHURCH

Last evening the prayer meeting hour at the Congregational church was devoted to a service in memory of those who passed away during 1918. The pastor said he was requested to mention the unavoidable absence from the meeting of Mrs. H. M. Havenhill and Mrs. George E. Myers. Miss Fanny Wood, Mrs. C. H. Smith, Mrs. R. P. Joy, B. W. Smith and S. W. Nichols all spoke of Mrs. Bancroft dwelling most earnestly on her many excellent traits of character, her long membership of the church and her many excellent, Christian characteristics.

J. P. Lippincott, B. W. Smith and S. W. Nichols spoke of Prof. E. W. Brown, a man who came to Jacksonville in the prime of life, a beginner in the career of a teacher, a man successful to a large degree, possessing great industry, determination and devotion to business; at one time an efficient leader in singing in the Sunday school and useful in many ways.

Miss May Dunmer, Mrs. J. C. Fairbank and Miss Frances Wood spoke tenderly of Mrs. J. R. Bailey a lady of rare attainments, rare good qualities, a versatile writer, a devoted friend and one of peculiarly tender feelings and regard for her church and friends in it.

Rev. W. E. Collins, Mrs. C. H. Smith, and Ellison M. Coe spoke tenderly of Louis Mason, his kind disposition, his industry and devotion to business, his gentle character and love for his mother. The young man's mother testified to all that was said and told in a feeling manner of his filial conduct and love for her.

The meeting was well attended as suitable at this time, and was deeply interesting as well.

Financial secretary and treasurer—Miss Mary Deweese.
Auditing committee—C. L. Mathis.
Trustees—E. W. Brown.
Red Cross committee—Mrs. Keith Montgomery.
Nominating committee—C. L. Mathis.

Officers Elected.
The following officers were elected:

D. W. Osborne and C. L. Deweese were elected elders for four year terms to succeed themselves and W. J. Moore was elected for a one year term to succeed U. J. Hale, deceased.

W. W. Schrag, Charles F. Ehnie, Dr. G. R. Bradley, S. P. Carter, W. L. Shibe and C. A. Hemphill were elected deacons for a term of four years to succeed themselves.

Church Statistics 1918.

During the year there was added to the church 64 new members. Thirty-one were lost by death and eighteen transferred to other churches. This makes a net gain of 15 for the year.

Last year the church honor roll contained 27 names. At the close of 1918 the roll contained 93 names of members of the church in various branches of army service.

Thirteen weddings were performed in all of which one or both of the contracting parties were members of the church.

The total receipts of the church totaled \$6,739.24. The total disbursements were \$7,522.67. This shows a deficit for the year in a small amount. The cause of this was the closing of the church for a number of weeks by the influenza quarantine and the absence of the pastor during the summer who was engaged in war work in army camps.

The amount disbursed for mission during the year was \$2,872.68 which includes \$890.00 war relief emergency fund.

MYERS BROTHERS

WILL FILED

The will of Susan Mansfield has been filed for probate with the county clerk. The will bequeaths all the property, both real and personal, to the husband, Isaac T. Mansfield, to have and hold during his natural life. At his death the property is bequeathed to the children of the testatrix, Charles E. Mansfield, Frank E. Mansfield and Belle Mansfield, to have and hold so long as two of them remain together. In case of death or removal of any two of the above children, the executor shall sell real estate and divide the proceeds as follows: Charles E. Mansfield, \$100; Frank E.

Mansfield, \$100; Belle Mansfield, \$300. After the payment of these bequests the remainder of the money is to be divided equally between E. Oscar Mansfield, Charles E. Mansfield, Frank E. Mansfield, Belle Mansfield, Lizzie Clayton, Addie Foster, Ethel Wright and Della P. Walker. The will also provides for some bequests of personal property and is dated Dec. 6, 1911, and the witnesses were John B. Burch and L. A. Caldwell.

JUDGE SMITH TO COME SATURDAY
Circuit Clerk C. W. Boston received a letter from Judge Smith yesterday stating that he would be here Saturday afternoon and convene the November term of the circuit court at 1 o'clock. Judge Smith stated in his letter that in case the attorneys wished him to do so he would come earlier, but unless he received word he would be here on day.

WOMEN!

Here's grand, good news. Sunday morning you are going to be told in this paper how you can say goodbye forever to nine tenths of the kitchen drudgery that makes women weary and prematurely aged.

Hundreds, yes thousands, of women have found the same relief now to be offered you. And the same wonderful source of day-in and day-out economy. But they have NOT had one advantage that is now to be offered to you.

We would tell you about it here if we had room. Get the whole story in Sunday morning's paper.
